

OUR STORY - VAIRODHI

RISING TOGETHER • FROM A VIBE TO A VISION

> “COVID brought us home. The ocean brought us together. Friendship created the vibe. Our experience gave us the skills. Our activities connected us with our community. And our community gave us a purpose.”

THE BEGINNING & OCEAN BOND

During the COVID-19 pandemic, tourism paused, bringing many of us working in resort watersports back home to HDh. Vaikaradhoo. Without formal plans or an NGO structure, friends reunited to enjoy the ocean and make the best of an unusual time.

Surrounded by our island waters, we shared skills and organized activities. What started as pure fun evolved: the vibe became a bond, teamwork took root, and we realized our experience could build something meaningful for our community.

COMMUNITY & GROWTH

Our transition from leisure to purpose began with our first Kitesurfing Camp. Teaching local youth inspired us to do more, proving that shared passion could create lasting local impact.

Even as life normalized and members returned to resort work, Vairodhi kept growing. Built on people and shared devotion rather than big budgets, our team proved that where you start does not limit how far you can go.

2026 MILESTONE

Years after our informal start, Vairodhi officially registered as an NGO, establishing a structured foundation to empower future generations and preserve our ocean heritage.
